Everything under control - "GD Pilot TS" touch screen controller

The "GD Pilot TS" with its high resolution touch screen display is extremely user friendly and self-explanatory. All functions are clearly structured in five main menus and are intuitively visual.

The multilingual "GD Pilot TS" control system ensures reliable operation and protects your investment by continuously monitoring the operational parameters, which is essential for reducing your running costs.

- Line/network pressure
- Motor speed (variable speed)
- On load hours/total hours run & average volume flow
- Weekly average volume flow
